

FOR IMMEDIATE RELEASE

INTRODUCING THE N88 - THE WORLD'S FIRST AFFORDABLE PERSONAL DRM RECEIVER
SOLAR GROVE SOLUTIONS Announces Manufacturing of Revolutionary All-Band Analog & DRM Radio in India, Ushering in a New Era of Affordable, Feature-Rich Radio Technology

[731 Duval Station Road, Suite 107-57, Jacksonville, FL 32218, USA] – [6 March, 2025] – SOLAR GROVE SOLUTIONS, a leading innovator in consumer electronics for making accessible devices, today announced the commencement of manufacturing its groundbreaking All-Band (MW, SW, VHF) Analog and Digital Radio Mondiale (DRM) receiver model N88 in India. This significant move marks a major milestone in SOLAR GROVE SOLUTIONS's commitment to delivering cutting-edge technology at accessible prices to a global audience.

The N88 is developed in close collaboration with CML Microcircuits (UK) Ltd, renowned for their expertise in mixed-signal integrated circuits, and Alongside Tech, LLC (USA) providing design and application development. Douglas Gregson from Alongside Tech states "this revolutionary radio boasts four key, game-changing differentiating features:

- **Small Size:** Designed for portability and convenience, the radio's compact form factor makes it ideal for everyday use and travel.
- **Low Power Consumption:** Utilizing advanced energy efficient power management techniques, the radio maximizes 3x AA battery life, ensuring extended listening enjoyment.
- **Low Cost:** By leveraging efficient manufacturing processes in India, SOLAR GROVE SOLUTIONS aims to make advanced radio technology accessible to a wider consumer base.
- **Android App:** Seamless integration with a dedicated Android application unlocks a wealth of additional features, including tuning, recording, and digital data services.

"We are incredibly excited to bring this innovative DRM radio to market, manufactured right here in India," said Mr. Templeton, CEO of SOLAR GROVE SOLUTIONS. "This project is a testament to the power of international collaboration, combining the expertise of CML Microcircuits and Alongside Tech with SOLAR GROVE SOLUTIONS's commitment to delivering exceptional products at accessible prices. Our partnership with SHEMISH GROVE SOLUTIONS INDIA PVT LTD, our affiliated company in India, has been instrumental in making this vision a reality."

The manufacturing of this product will be undertaken by SHEMISH GROVE SOLUTIONS, SOLAR GROVE SOLUTIONS's affiliated company in India, leveraging the country's skilled workforce and robust manufacturing infrastructure. This strategic move aligns with SOLAR GROVE SOLUTIONS's vision of fostering technological innovation and contributing to the growth of the Indian electronics sector.

"We believe this unique DRM radio will revolutionize the way people experience radio, offering a unique blend of traditional analog reception and the advanced capabilities of DRM," said Renatus Pinto of SHEMISH GROVE SOLUTIONS INDIA PVT LTD. "We are proud to be a part of this project and contribute to the 'Make in India' initiative."

The new All-Band Analog and DRM radio is expected to be available for purchase in Q4, 2025 via direct sales through SHEMISH GROVE SOLUTIONS and authorized dealers.

About SOLAR GROVE SOLUTIONS - <https://solargrove.solutions/>

SOLAR GROVE SOLUTIONS, headquartered in Jacksonville, Florida, USA, is a leading innovator in consumer electronics, dedicated to developing cutting-edge products that enhance the lives of consumers worldwide.

About CML Microcircuits - <https://cmlmicro.com/>

CML Microcircuits (UK) Ltd is a world-leader in the design, development and supply of low-power analogue, digital and mixed-signal semiconductors for global industrial and consumer product markets.

About Alongside Tech, LLC - <https://www.alongsidetech.org/>

Alongside Tech, LLC (USA) specializes in the development of products and applications, providing innovative solution integration for a wide range of industries.

About SHEMISH GROVE SOLUTIONS - <https://shemishgrove.solutions/>

SHEMISH GROVE SOLUTIONS INDIA PVT LTD, located in Bangalore, Karnataka, India, is an affiliated company of SOLAR GROVE SOLUTIONS, specializing in the manufacturing of high-quality electronic products.
