SOLAR POWERED AUDIO PLAYERS

ABOUT

Audio Player - Listen to educational content, humanitarian messages, music and more!

FM Radio - Listen to radio stations, disaster relief broadcasts, or messages for refugees. Bookmark 5 channels.

Recorder - Oral learners, illiterate, blind, visually impaired and elderly can easily use the record function to record stories, songs, or personal notes.

Multi-Content - Players can hold multiple languages, dialects, or combinations of audio. The intuitive keypad makes it easy to navigate large amounts of audio content.

LED Flashlight - 3 levels of illumination provide the perfect amount of brightness for each situation. Use the included lanyard for a hands free torch.

Playback Speed Control - Speed up or slow down audio content to maximize the effectiveness of the message.
