## BATTERY CARE

- Avoid completely depleting the battery as this will shorten its overall lifetime and takes much longer to fully charge afterwards.
- If sunlight is the only means available for charging, it is recommended to leave the player in direct light *often* to keep the battery at least partially charged.
- When not in use and whenever possible, keep the player in a cool place, which will also help to preserve battery life.
- Before stowing the player for prolonged periods, make sure the battery is at least partially charged.
- If stored for *extended* periods, it is recommended to recharge the player at least every 6 months, to prevent the battery from losing its ability to recharge.

## CHARGING/ COMMUNICATION MODES

When connecting the Vine to a computer, it can be done in one of two modes: charging or communication.

<sup>1</sup>*Changing to computer communication mode is essential to allow programming of the player.*

### Connecting a player to a computer for programming purposes:

Connect the player to a computer using a micro-USB SLS cable (for onboard programming). The player will automatically enter *computer communication mode*<sup>2</sup>.

<sup>2</sup>*While in computer communications mode, the player will also be charging.*

### Connecting a player to a computer for charging purposes:

Connect the player to a computer using a micro-USB SLS cable, a Standard micro-USB Data cable or a Charge Only micro-USB cable.

- If connected via SLS/Data cable, and you want to disconnect from computer communication mode and continue charging your player, click  on the front of the player. If the player was on prior to connecting it to the computer, the player will return to playback mode.

- For the computer to recognize the player again, the player will need to be unplugged from the computer, and reconnected.

- Depending on the connection type, and the player's battery level, the LED will blink (indicating communication activity or charging level).

- Physically unplugging the player from the computer will stop the charging process.

according to CHARGING INSTRUCTIONS.

## RESETTING PLAYER DEFAULTS

Resetting player defaults (listed below) is done by pausing the player and pressing  (volume down) for 2 seconds. The player will beep 3 times and remain in Pause Mode.

- Default playback bookmark (to beginning of Channel 1)

- Volume level (to normal)

## PROBLEMS WITH THE PLAYER?

If the player will not turn on, please try the following:

1. Make sure the battery is charged

children. DO NOT burn, puncture, disassemble, or modify battery.

- If battery leaks, dispose of it carefully in accordance with local laws. Wash any skin or clothing exposed to battery liquid and avoid swallowing or contact with eyes. In the case of swallowing or contact with eyes, seek medical care immediately.

• DO NOT expose player or battery to fire or extreme heat.

• Stop using player if you observe abnormal heat, odor, discoloration, leakage or deformation, especially near battery. Refer to a qualified technician for service.

- If the battery is removed from the player, handle it with care. Keep the exposed battery out of reach of

## WARNINGS

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.

children. DO NOT burn, puncture, disassemble, or modify battery.
